

## **PHALEN VILLAGE CLINIC (PVC)**

**1414 Maryland Avenue East, St Paul, 55106**

**Phone #651-772-3461 Fax #651-772-2605**

You will have 1-2 half days in PVC. Morning clinics begin at 8:30am. Afternoon clinics begin at 1:30pm. Exceptions: Post-call clinic starts at 9:00am. You might want to confirm exceptions in advance, as they are occasionally forgotten.

Read orientation manual from Jean Jansen (clinic manager). Don't stress out! You will pick up the clinic routine along the way. Always ask MAs, preceptors or R2's for help when confused. Also, during your first year all of your patients need to be seen by preceptor (very briefly).

There will often be med students at clinic—you are not responsible for teaching them, that is the job of the R2's.
